

**PRIDE NAME:** \_\_\_\_\_

### DIRECTIONS:

Working as an ensemble, you will discuss the character traits your Pride has in common, create a Pride name, and create a tableau (a living picture) that displays your group's identity.

Then, you will work as an ensemble to create a group logo to add to our Pride wall.

## IDENTITY

- As a Pride, discuss the character traits you have in common. Character traits are personal qualities, not physical descriptions. (Example: We are all brave, athletic, etc.)
  - What is the most important character trait your Pride shares? \_\_\_\_\_  
\_\_\_\_\_
  - Which animal from the box below also shares this trait? \_\_\_\_\_  
\_\_\_\_\_
  - Combine your character trait with your animal to determine your Pride name. (Examples: the Brave Lions, the Athletic Cheetahs.) Write your Pride name here and on the top of this worksheet. \_\_\_\_\_
- Based on your group discussion, work as a Pride to create a tableau, or living picture, to display your Pride's identity.

Be sure to include every member of your Pride in this tableau. Consider making poses that show the character traits you discussed above.
- Combine the name your group chose with the ideas generated in your tableau to create a logo to represent your Pride.

### AFRICAN ANIMALS

Lions	Elephants
Hyenas	Cheetahs
Warthogs	Meerkats
